The annual Willows Workshop program is released in October for the following year.

The safety of our staff, trainers and students is of the utmost importance to us. At present, we are proceeding with our application process in the view that this course will run face to face in our training room in Swindon. Should there be any further COVID related lockdowns or severe restrictions, we may take the decision to revert the course to live online teaching sessions. In such an instance, access to Zoom and laptop/PC with camera will be required. If the need arises, we will continue to work together with the awarding bodies and following the Government guidance in order to make these decisions and will keep all students up to date on arrangement.
